In the Circus world since 2010, starting as a hand-to-hand student in a recreational circus school in São Paulo-BR, after 12 years in a competitive artistic gymnastics club, 1 year of diving and 1 year of pole vaulting. In 2014, after a trip to Europe to take part in circus workshops in the Czech Republic, France, Belgium and Spain, I came to Montreal to train as a circus arts coach at the National Circus School of Montreal.

More recently, I have expanded into the stunt world, bringing my expertise in harness work, aerial performance, and acrobatics to professional stunt projects for television productions
